## **SCOTSMAN'S BRILLIANCE<sup>®</sup> GOURMET CUBER DELIVERS ICE FOR THE PURIST**

*Brilliance SCC50 Gourmet Cuber from Scotsman Ice Systems allows home mixologist to shine*

**VERNON HILLS, III.**—When it comes to serving the perfect iced beverages at home, the SCC50 Brilliance Gourmet Cuber from Scotsman Ice Systems, delivers ice that's crystal-clear, taste-free and odorless. The unique shape of the Gourmet Ice Cubes offers visual appeal to drinks, and the cubes facilitate equal cooling dissemination by not clumping together. In addition, the gourmet cubes melt at a more controlled rate due to the larger size, which reduces dilution and enhances the flavor experience. To learn more about the Brilliance SCC50, visit Scotsman during KBIS at Booth #C8301.

The Brilliance SCC50 offers a variety of features and benefits for the ice purist at home:

- Crystal-clear, taste-free, odorless ice
- Unique Gourmet cube shape, which won't clump nor dilute the drink
- User-friendly control panel
- Lighted bin and self-closing door
- Produces up to 65 lbs. of ice in a 24-hour period
- Sophisticated stainless-steel cabinet finish
- Front panel is unfinished on some models so wood panels (from local custom wood suppliers or from Scotsman) can be selected to best meet aesthetic needs
- Smaller footprint. Unit size (without legs adjusted): 14.875-inches wide, 22-inches deep and 33.375-inches high, making it a perfect under-counter companion
- Easy-access power cord located in the center, lower back of the unit: 115 Volts, 60 Hz, 1 Phase
- Energy and water efficient
- Available with built-in drain pump
- Outdoor model is available

### **About the Scotsman Brilliance Line**

The Scotsman Brilliance line of under-counter ice machines delivers crystal-clear, taste-free and odorless cubes or chewable nugget ice, giving anyone the chance to be an ultimate home mixologist. Outdoor models are also available. For more information on the Brilliance line, visit Booth #C8301 during KBIS, call 1-800-SCOTSMAN or visit [www.scotsmanhomeice.com](http://www.scotsmanhomeice.com).

### **About Scotsman Ice Systems**

As one of the world's largest manufacturers of ice systems, with more than 300 models of ice machines, storage bins, and ice-and-water dispensers, Scotsman is dedicated to developing today's most innovative ice solutions. Scotsman created the 15-inch consumer ice machine category 50 years ago, and the Brilliance<sup>®</sup> collection demonstrates continued innovation with more convenience, efficiency and reliability.
