**SCOTSMAN'S BRILLIANCE<sup>®</sup> NUGGET ICE MACHINE DELIVERS—  
ORIGINAL CHEWABLE ICE<sup>®</sup> FOR HOME ENTERTAINING**

*Brilliance SCN60 Nugget Ice Machine delivers ice your guests crave*

**VERNON HILLS, III.**—The SCN60 Nugget Ice Machine from Scotsman puts the power of one of America's favorite ice forms to work for those entertaining at home. Guests can enjoy soft, chewable ice—the perfect companion for soft drinks and water, hot new on-trend nonalcoholic beverages, and classic or contemporary drinks containing alcohol. Nugget Ice is unique in that it's pervasive within a drink. The small, irregular cube size allows it to permeate a beverage, cooling it evenly. The softer nature of the ice allows it to absorb flavor notes from other ingredients, balancing the overall taste. The Brilliance SCN60 has the ice-producing capacity to handle even the most demanding home entertaining scenarios, and its simple operating panel makes it easy for everyone in the family to use. To learn more about the Brilliance SCN60, visit Scotsman during KBIS at Booth #C8301.

The Brilliance SCN60 offers a variety of features and benefits for the Nugget Ice enthusiast:

- The Original Chewable Ice invented by Scotsman
- Small footprint: 14.875-inches wide by 22.75-inches deep by 33.375-inches high
- Centrally located power cord on the back of the unit (115 Volts, 60Hz, 1 Phase)
- Produces up to 80 lbs. of ice in a 24-hour period
- Stainless-steel cabinet with unfinished front panel on some models so wood panels (from local custom wood suppliers or from Scotsman) can be selected to best meet aesthetic needs
- Energy and water efficient
- Approved for outdoor use
- Easy-to-use control panel
- Lighted bin and self-closing door
- Available with built-in drain pump
